Mobile Benefits Guide

PROBLEM: It is very difficult for employees to access current relevant benefit information. They are provided with 3 ring binders, PDFs, apps from insurance companies, and updates that are confusing, out of date and not accessible when truly needed.

OUR SOLUTION: Train by Cell provides a low cost mobile guide that makes all benefit information accessible on any mobile device or desktop.

FEATURES

COMMUNICATION

Securely share company and HR information via text messages or email with links to your new mobile benefit site.

CONTENT

Easily publish benefit information (non-HIPPA) in any format (text, images, video, etc.) on your own branded mobile website.

EMPLOYEE ENGAGEMENT

Engage with your employees through feedback forms and surveys spread throughout your mobile benefits site.

ANALYTICS

Track page-by-page, real-time usage through our rich reporting dashboard.

ADDED BENEFITS

- "Tap-to-call" feature allows instant contact with providers.
- Information is accessible to employees 24 hours a day, 7 days a week.
- Reduce expenses and resources by going paperless.
